(2) Company estimates based on business plan using 2024 prices.

Enhanced shareholder value through Air Activities capital increase and earlier delivery of commercial space

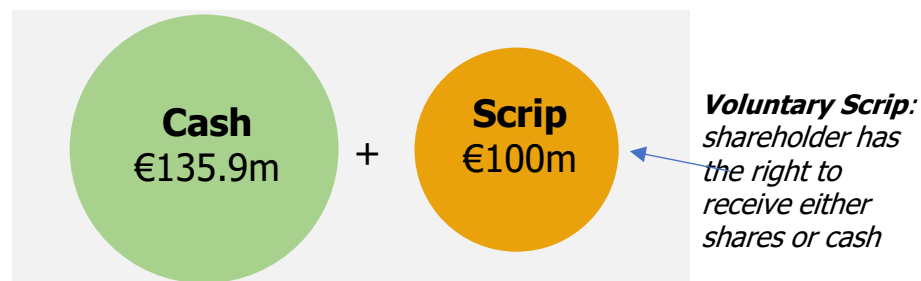

The capex acceleration will be partially funded by capital increase through a **voluntary Scrip Dividend of up to €100 million from 2024 profits, and up to another €140 million over the subsequent 3 years⁽¹⁾**

Voluntary Scrip Dividend Programme 2025-28

AIA's Board unanimously decided to propose to shareholders a Scrip Dividend Programme

▪ **FY2024 Dividend: €235.9m**

Key Benefits of the Programme

- ✓ Increases shareholder value through investment in Air Activities and **increase in Air Activities Equity Capital and respective returns** consistent with our regulatory framework
- ✓ Enables **non-Air revenues potential** higher than previously expected due to **earlier delivery and increased size of commercial space** through accelerated investment programme
- ✓ Consistent with AIA's commitment to **maintain a healthy balance sheet ND to EBITDA at 2.0x - 3.0x** and not to exceed 3.5x

89.22% take up, resulting in €84.75 million proceeds to Air Activities Capital

Performance Outlook

Traffic forecasts:

Operational Developments

Adj. EBITDA

Net Income

FY 2025 Guidance

- Expect mid-single digit growth for passenger traffic during full year 2025 - long term traffic in low single digits

- Change of status from "non-coordinated" to "schedule facilitated" for the summer of 2025 to effectively address ATC related capacity constraints during peak hours
- Implement incentives to drive additional traffic during off-peak hours

- Adj. EBITDA margin for the year ca. 100 bps below long-term 60%+ target
- Full utilization of the remaining Carry Forward amount
- Incremental Air Activities Revenues from increase in equity following Scrip issuance

- Net income for 2025 and 2026 of ca. €200 million annually, including the remaining benefit from the Carry Forward, supported by the additional return on Air Activities investments

Summary

- ✓ **Strong Traffic growth (13.1% 2024 vs 2023 and 11.4% Q1 2025 vs Q1 2024) with solid profitability**
- ✓ **100% dividend payout of €0.78 per share**
- ✓ **Accelerate Airport Expansion to deliver 40MAP capacity by 2032 – 5 years earlier than originally planned - with gradual incremental deliveries throughout the period**
- ✓ **Higher Air Activity profits due to increase in equity balance through Scrip Dividend Programme**
- ✓ **Non-Air Activities Revenues expected to benefit from substantially expanded commercial space earlier than previously expected**

The accelerated expansion of AIA will create significant value for our shareholders and enable us to continue delivering a world class experience to passengers and airlines

Forward-looking statements and financial projections

This document contains forward-looking statements and expectations that involve risks and uncertainties. These statements may generally, but not always, be identified by the use of words such as “outlook”, “guidance”, “expect”, “plan”, “target”, “estimate”, “forecast”, “will” and similar expressions to identify forward-looking statements. All statements other than statements of historical facts, including, among others, statements regarding the future financial position and results of AIA, the outlook for 2025 and future years as per AIA’s business strategy, the effects of global and local economic conditions, effective tax rates, dividend distribution, AIA’s plans, objectives, targets, results of operations, liquidity, capital resources, capital expenditures, anticipated cost savings and synergies, and Management initiatives and beliefs regarding AIA’s business and financial conditions are forward-looking statements. Forward-looking statements and financial projections are not guarantees of future performance and involve numerous known and unknown risks, uncertainties, both generic and specific, and assumptions which are difficult to predict and outside of the control of the Company. We have based these assumptions on information currently available to us at the date the statements are made, and if any one or more of these assumptions turn out to be incorrect, actual outcomes and results may differ materially from what is expressed in such forward-looking statements. While we do not know what impact any such differences may have on our business, if there are such differences, our future results of operations and financial condition, could be materially adversely affected. Therefore, you should not place undue reliance on these forward-looking statements and financial projections.

Although the Company believes that, as of the date of this presentation, the expectations, and the business and financial targets reflected in the forward-looking statements are reasonable and have been prepared by management in good faith, we cannot assure you that the facts on which the assumptions are based will not change, and, consequently, our ability to achieve these targets, future results, level of activity, performance or achievements may be affected by a number of changes and risks, which are beyond our control and some of which could have an immediate impact on our earnings and/or financial position. Moreover, neither the Company’s directors, employees, advisors nor any other person assumes responsibility for the accuracy and completeness of the forward-looking statements. No representation is made as to the reasonableness of the assumptions made in this presentation or the accuracy or completeness of any modelling, scenario analysis or back-testing. We do not undertake any obligation to update these targets, and we reserve the right to change our targets from time to time as we respond to real operating, financial and other macro-economic conditions. After the date of this presentation, which includes unaudited financial figures, unless required by law to update these forward-looking statements, the Company will not necessarily update any of these forward-looking statements to adjust them either to actual results or to changes in expectations.
